

2014 Norwich Conference
on Earth System Governance
University of East Anglia, 1-3 July 2014

Changes to the Programme

Schedule correction

Opening Plenary on Tuesday, 1 July, 9:00-10:30

The Access and Allocation Challenge

Keynote speaker Prof Bob Watson (UEA) is replaced by **Tony Juniper** (independent environmentalist)

New Panel: **Henry Cator** (Royal Agricultural Society of England), **Dr Gemma Harper** (DEFRA)
Martin Collison (Collison and Associates)

Martin Collison

Mr. Collison is Vice-Chair for the East of England Rural Forum. He works as a rural and agricultural policy consultant and runs his own business, Collison and Associates Limited. His work brings him into contact with a range of clients across government, business and community sectors with most of his work now focused on rural development. He was an academic for 16 years specialising in rural policy and international trade, and still lectures part time on food markets, policy and leadership as well as supporting a number of universities with research projects on agricultural, rural and sustainable development.

Semi-Plenary on Thursday, 3 July, 9:00-10:30

The 'New' Climate Governance: Mapping, Exploring, Interrogating

Dr Erick Lachapelle (Montreal) is replaced by **Dr Robert MacNeil** (Sydney)

Dr Robert MacNeil

Robert Macneil is Lecturer and member of the academic staff at the Department of Government and International Relations in the University of Sydney. His research focuses broadly on the intersection of environmental politics and neoliberal governance. Prior to his current position, Dr McNeil was a Visiting Fullbright Fellow at the University of California, Berkeley. He holds a BA and MA from York University and a PhD from the University of Ottawa.
